

Stratos™

Stretch Film

Industry-leading ultra-high performance machine film

Stratos will lighten the load with the industry's most complete stretch film; designed with an even greater focus on load containment and source reduction. Per pallet wrapped, Stratos is the most efficient stretch film on the market for uniform and semi-regular loads in high volume applications.

Features

- 37–80 gauge
- Cast film
- High Ultimate; 300% or more
- One-side cling
- Leading optics and cling
- Industry leading puncture and tear resistance

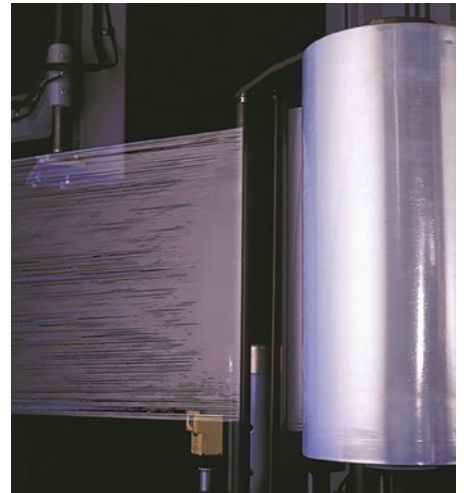

Benefits

- Stratos offers 30% or more down gauge capability
- Maximizes overall load stability
- Provides exceptional performance consistency
- Superior performance in freezer environments
- Better for the environment, because of reduced material in the waste stream
- Exceptional low cost per pallet wrapped

Sophisticated films—doing more with less

Continued commitment to innovation has kept Berry the industry leader in stretch film technology for over 40 years, with next generation solutions helping our customers do more with less. Simply put, Berry is a leader in pallet integrity, source reduction, and exceptional low cost per load.

Ultra-High Performance Machine Film

Product Code	Gauge	Width (in)	Length (ft)	Lbs per Roll	Rolls per Pallet
